Min älskade Gusten har slutat sin stund på jorden.
En gång skall vi åter mötas, det var löftet som vi gav.

"Iam standing upon the seashore. A ship at my side spreads her white sails to the morning breeze and starts for the blue ocean. She is an object of beauty and strength, and I stand and watch until at last she hangs like a speck of white cloud just where the sun and sky come down to mingle with each other. Then someone at my side says, "There she goes!" "Gone where? Gone from my sight - that is all. She is just as large in mast and hull and spare as she was when she left my side and just as able to bear her load of living freight to the places of destination. "Her diminished size is in me, not in her. And just at the moment when someone at myside says, "There she goes!" there are other eyes watching her coming and other voices ready to take up the gladshout, "Here she comes!"
